

Why Use Genealogical Software?

- ◆ **The easiest way to keep track of your family tree**
 - Only enter your family information once
 - Can electronically search for person, place, date, etc.
 - All provide many reports which include images/photos
 - Any changes you make, automatically update all reports
 - Easy to share reports/data with family members
- ◆ **We'll review 3 different genealogical softwares**
 - All 3 can be converted to the other 2, so start with any one
- ◆ **PAF (Personal Ancestry File): <http://www.familysearch.org>**
 - Price is right – free!
- ◆ **FTM (Family Tree Maker): <http://familytreemaker.com>**
 - Top selling software
- ◆ **TMG (The Master Genealogist): <http://whollygenes.com>**
 - “Gold Standard” (for professionals & serious amateurs)

Genealogical Software: PAF vs FTM vs TMG

- ◆ **PAF (Personal Ancestry File):** <http://www.familysearch.org>
 - Database is individual oriented
 - Features: the basics - outgrowth of (Reunion?) software
- ◆ **FTM (Family Tree Maker):** <http://familytreemaker.com>
 - Database is family oriented for easy entry
 - Database linked to ancestry.com search
- ◆ **TMG (The Master Genealogist):** <http://whollygenes.com>
 - Longer learning curve, but excellent technical support
 - Database is evidence oriented:
 - enter all data as is from a source & assign surety levels
 - mark most reliable data for printing
 - color-coded flags, research planning aids
 - Many display, reporting & charting options (wall charts)
 - Create timeline: integrate person with world/local events

On-line Guided Tours of PAF, FTM and TMG

- ◆ **PAF (Personal Ancestry File):** <http://www.familysearch.org>
 - No tour, so download free software and check it out
 - Also download free charting software (companion basic)
 - both download links: lower right corner of LDS home page
 - demonstration in class next week and one-on-one help
